## \$25 AND COSTS

Was the Fine Imposed on F. W.  
Green on Monday—A Case of  
Interest to Owners of  
Stock—The Case  
Appealed.A case of interest to ranchers and  
other owners of stock was tried in  
Moose Jaw on Monday before Lawrence  
King, J. P. The plaintiff was W. C.  
Saunders and the defendant F. W.  
Green.In the month of June last Green  
brought into town four horses which he  
supposed belonged to J. M. Simington.  
As they were branded "S" on the right  
shoulder. Mr. Simington recognized  
Saunders' brand and told Mr. Green so.  
Whereupon Green instructed two men  
to take the animals a certain distance  
from town and start them on their way  
home. It appears that Saunders has  
never recovered possession of his prop-  
erty, and hence his action in taking  
proceedings against Green.At the trial after some legal formal-  
ities the plaintiff gave evidence as fol-  
lows:I am the informant. I reside at 25-  
20-27. On 16th June last I was the  
owner of thirteen horses. On that date  
five of them were out grazing about  
twelve miles north-west of my section  
in Qu'Appelle valley. That was their  
usual grazing place. One of the colts  
was foaled there. The place is called  
Yankee Camp Ravine. Horses are  
grazing there now. Sometime before  
the 16th June I placed these horses  
there. There were three fillies and one  
horse colt placed there. Missed these  
horses on 18th June. Learned from  
my son that they were in Moose Jaw.  
Horses would not leave grazing place  
unless driven away. Went on Monday  
to see if they had returned. They had  
not. Searched several days for them  
without success. Animals were brand-  
ed "S" on right shoulder about ten days  
before I missed them. Know of no  
other such brand in use here. Have  
not seen or heard of animals since al-  
though I have made enquiries and  
searches. Had made arrangements for  
service of two of the fillies and through  
their being missing I have lost getting  
them in foal. The remaining one of  
the five stayed at the grazing place until  
I took her away about the 1st of  
July.Thos. Franks, sworn, I have seen  
colt and three fillies mentioned in in-  
formation about 11th or 12th of June  
last. They were at "Yankee Camp  
ravine in Qu'Appelle valley about  
twelve miles north of Saunders' ranch.  
My object in visiting grazing place was  
to put my stallion to the mares. I drove  
mares to Saunders' place as I could  
manage them. They were not in season  
Saunders and I had agreed that I was  
to serve six mares at \$7.50 each. Two  
of the mares I drove away were mares  
I was to have served. I went again  
to serve the mares every Monday after  
for three weeks. There were two missing.  
These two were there the first time  
I went. These two have not been  
served. I know F. W. Green. I saw  
him on Saturday June 17th. I saw on  
that day Saunders' missing horse colt  
and two of his mares that I was to have  
served. They were in the possession of  
F. W. Green in Walsh's corral. Asked  
Green why he had brought in  
Saunders' horses. He said he didn't  
know that they belonged to Mr. Saun-  
ders, but that he thought they belonged  
to Mr. Simington. He told me he  
would turn them out of the corral and  
that they would go home. He said he  
had got them about fifteen miles west  
of Mr. Saunders. Moose Jaw is about  
30 miles from the place where I first  
saw these horses grazing. On the  
afternoon of the same day Green told  
me he was going to drive them out  
half way to Mr. Saunders. He said he  
thought they would go home from  
there and asked me what I thoughtabout it. I saw him start away with  
them but do not know how far he  
went. I don't think defendant knew  
they were Saunders' before I told him.  
Horses were branded "S" on right  
shoulder. They were newly branded.  
Know of no one who uses same brand.  
Don't know Simington's brand.W. C. Saunders, recalled, "Gave no  
one permission to drive away animals  
in question from their grazing place.  
If driven away in June last it was with-  
out my authority. Had conversation  
with defendant subsequent to 16th of  
June in Moose Jaw about the missing  
horses. He said he did not have  
horses in his possession. He told me  
that he had brought the animals into  
town thinking they were Simington's.  
He told me he had got them in the  
valley about fifteen miles from my  
ranch. His description of the place  
was that of their usual grazing place.  
He said he had hired a party to drive  
them out and that he told them to drive  
the horses to where he had found them.  
The horse colt and 3 fillies are still  
missing.Cross-examined by the defendant,  
"My horses and cattle graze from my  
place to Eyebrow Lake. I have no  
lease. It is a common. There is a  
limit to my grazing ground. Some of  
my horses were driven away last spring  
from grazing ground. Grazing place  
mentioned by me is the home of my  
horses. They strayed away once  
and I found them at McLean's  
ranch. They wintered in the valley  
below Eyebrow Lake. I cannot tell  
what are the actual limits of my graz-  
ing ground. I cannot swear that mis-  
sing horses are not on the grazing  
ground now. I swear that animals did  
not go back when sent back or within  
three weeks after. I don't think that  
they are there now.Re-examined by Mr. Nelson. My  
"Valley" I mean the low ground and  
hills of the valley of the Qu'Appelle  
River. The mare yearling was foaled  
there. Place they were in when last  
seen was one of their usual grazing  
places.Samuel Saunders, sworn, "I know the  
missing horses. They are the property  
of my father. Their usual grazing  
place would be a spot twelve or fifteen  
miles northwest of my father's ranch.  
Had a conversation with defendant on  
Saturday 16th June about these horses.  
It was at Walsh's corral. Saw the  
missing horses there in the defendant's  
possession. He said he had got them  
at the valley. No one was present  
while we were speaking. He stated  
that he had some of my father's horses  
that he got out of the valley. This was  
before I identified the horses as my  
father's. He asked if I thought they  
would go home if he turned them out  
of the corral. I told him I thought he  
would have to bring them out near the  
valley. Defendant told me he started  
out two men with the horses. I saw  
them start out. I was on grazing  
ground lately. There are horses out  
grazing now near Yankee Camp ravine  
which is in the valley about twelve  
miles west of my father's ranch. That  
is where the missing horses were graz-  
ing in June last. I have been on  
usual grazing ground since June 16th.  
Was there in July and again yester-  
day.Cross-examined by defendant. When  
through branding we turned horses  
loose and let them go west. Do not  
know if horses were at Yankee Camp  
coulee in spring. Could not say if  
horses are at foot of Eyebrow lake now.  
Said something to effect that if horses  
were put outside of town settlement  
they would go back. Do not know who  
fetched horses away. Horses were  
driven of this grazing ground  
last spring. And we found them at  
McLean's. They were running with  
band in valley near Eyebrow lake last  
winter.After reviewing the evidence the  
learned justice imposed a fine of  
twenty-five dollars and \$7.50 costs,  
or in default of payment two monthsimprisonment in the common jail at  
Regina.Mr. Green has instructed his solici-  
tor to appeal the case and it will come  
up before Mr. Justice Richardson at  
the sittings of the Supreme Court, on  
October 10th.

## THE LAST SPIKE DRIVEN.

The Soo Ready For Traffic—Ar-  
ranging For Train Service  
—A Change of Names—  
First Train on Mon-  
day.The last spike on the Soo line was  
driven at eleven o'clock on Monday  
last. The line is now complete to  
Sault Ste Marie and the C.P.R. autho-  
rities have perfected arrangements for  
the passenger train service. Through  
pullman and tourist sleepers will be  
run from New Wharfedale, Wash., to  
Minneapolis, and the first train will  
leave St. Paul on Sunday evening and  
will make connection with Monday's  
number one at Moose Jaw. An express  
train will be dispatched from Moose  
Jaw on Monday.The name of the stations at the  
boundary line have been changed; that  
in the United States will be called  
South Portal and the one in Canadian  
territory will be known in future as  
North Portal. The Dominion Express  
Co. has opened an office at the latter  
place.Gangs are now at work on the tele-  
graph line and every effort is being  
made to push the work through, so that  
in a few days the C.P.R. will have an  
alternate telegraph line through to St.  
Paul via the Soo line. Messages to  
St. Paul will thus be sent direct,  
while the new line will lessen the  
chance of an interruption in the service  
considerably.

## THE TRAIN SERVICE.

The express train from the south  
will be known as the coast express  
and the train running south will be  
called the Minneapolis express. The  
coast express reaches Moose Jaw at  
18.50 and the through Pacific express  
at 19.08, where the trains will be  
combined. The through Atlantic ex-  
press reaches Moose Jaw from the  
coast at 8.37 and the Minneapolis ex-  
press will leave eighteen minutes later  
giving passengers plenty of time to  
make connections. The detail time  
card on Pasqua section is as follows:

12.30	North Portal	11.35	Arr.
12.38	Roche Perce	14.18	
12.42	Estevan	13.55	
12.45	Jct. with South Sea.	13.55

## PASQUA PICKINGS.

WORK ON THE SOO LINE—THE HARVEST  
—LOCAL GOSSIP.On Monday the last spike connecting  
the ends of the Soo Extension was  
driven. Several cars of horses return-  
ed in the evening on their way to  
Brandon and Winnipeg.The telegraph gang are making good  
progress. About two miles of posts per  
day are being placed in position.Mrs. J. Fraser and sister-in-law are  
visiting friends here.The harvest is nearly all in stack now  
and we expect to hear the hum of the  
threshing next week.Mr. A. Dalgetty left on Monday to  
take charge of Mr. Thompson's separa-  
tor.

## FREE TRADE IN CANADA.

The *Detroit Tribune* of Sept. 11th  
comes to hand with an editorial under  
the above caption. The article is so  
telling that we reproduce it in the *Tri-*  
*bune's* own words:

"The Liberal party of Canada, hav-  
ing adopted a tariff platform, closely  
resembling that of the Democratic party  
in this country, has begun a campaign  
for free trade. Wilfred Laurier, leader  
of the Opposition in the Dominion  
Parliament, opened the Ontario end of  
this campaign a few days ago with a  
speech, the substance of which has been  
service, and pretty hard service, too,  
on this side of the border. Probably  
it is not altogether new to the people of  
Canada, but there are doubtless many  
deluded citizens over there who like to  
be told that the tariff is a tax on the  
consumer for the exclusive benefit of  
the producer and the manufacturer  
and who delight in the prospect  
so freely held out to them of a  
golden age when the free trade policy  
comes in. If the Canadian people are  
impressed by this sort of talk they must  
be singularly blind to the conditions  
which have been brought about in the  
United States by the mere threat of  
free trade. Let them look across the  
border and enquire into the cause which  
has prostrated industry here. Why,  
within the last month American manu-  
facturers have been compelled to apply  
to Canadian banks, where money is  
plentiful, for money enough to pay off  
their hands. If the Canadians want  
to reproduce in their own country the  
trouble we are experiencing here they  
have but to take the advice of men like  
Laurier. It will be strange, however,  
if they do so. The Democrat victory  
in the United States gave an impetus  
to the free trade movement in the  
Dominion, and put new life into the  
free trade party. But the people of  
the United States have already repen-  
ted of their folly. They now realize  
that the attack on the protective policy  
is a disastrous mistake, which they will  
take the first opportunity to repair.  
Perhaps this repentance will reverse the  
tide of free trade sentiment in the  
Dominion and prevent the people of  
Canada from committing a similar folly.

## THE AMERICAN PRESS ON CANADA.

To those of us who possess anything  
of pride in Canada, and a sincere long-  
ing for the rapid growth and expansion  
of national sentiment, it is galling to  
see the rather contemptuous manner  
in which the American press con-  
spires in our institutions and in ex-  
pressing—in terms more or less of  
fensive—their belief that our ultimate  
fate will be to become incorporated in  
the United States. Well-informed on  
most subjects, they singularly fail to  
correctly measure the feelings of the  
Canadian people on this point. To a  
great measure this can be attributed  
to the fact that newspaper men, as a  
rule, can necessarily find but little  
time for visits to comparatively distant  
localities, such as Canada is to the av-  
erage American; and when they do favor  
us in this way the visit is usually  
limited to a hurried rush through our  
principal cities. It is safe to say that

not one in fifty stays here long enough  
to gauge public opinion on the subject  
of national sentiment. Those who  
have, know, and are usually honest  
enough to clearly state, that the annex-  
ation of Canada to the Republic is a  
thing so repugnant to the average Cana-  
dian that the idea of the thing brings  
a hot flush to the face. We respect  
the United States as a nation, admire  
the wonderful progress she has made,  
and have many dear friends among her  
citizens; but apart from pride in the  
institutions of our country and knowl-  
edge of its superior government, we  
inherit too much patriotic feeling and  
national pride to wish to exchange a  
British birthright for a foreign alliance.  
A Canadian annexationist is a man  
who sells his patriotism to the highest  
bidder, and as such is deserving of all  
the contempt that can possibly be given.  
His place is not here but south of the  
frontier; and the sooner he is made to  
feel this fact the better for the country.

## NOTES AND COMMENTS.

According to a newspaper report the  
new redistribution scheme for British  
Columbia will give Vancouver three  
members and Victoria four.

The *Ottawa Free Press* says the de-  
mands of Mr. Royal for "more time"  
and the difficulty of selecting a candi-  
date to contest Ottawa in the govern-  
ment interest have been the chief causes  
of the delay in appointing Mr. McIn-  
tosh to the North-West lieutenant-  
governorship.

Archbishop Duhamel has received  
from Louis Joseph Papineau, son of  
Louis Papineau, who resides at Monte-  
bello on the Ottawa, a letter renounc-  
ing all allegiance to the Roman Catholic  
church in which he was baptized, but  
in which he didn't believe. He was  
25 years of age. He said he joined the  
Presbyterian church because it was the  
most rational of all sects. Besides it was  
the faith of his wife and children.

The Hon. Mr. Haggart has followed  
up his success of the Intercolonial Rail-  
way by another on the Windsor branch  
where last year's surplus has been in-  
creased from \$19,000 to \$21,000. Then  
on the Prince Edward Island Railway,  
the previous year's great deficit of  
\$132,263 has now been brought down  
to \$63,691. The total loss of \$612,000  
in the Canadian Railways in 1890-91  
has in all been brought down to \$22-  
000, with every prospect of an actual  
profit during the present fiscal year,  
which shows well for times like these.

Hepburn, of Iowa, is evidently after  
the C.P.R. He recently introduced in  
the House of representatives a resolu-  
tion calling on the Secretary of the  
Treasury for information as to the  
amount of merchandise transported from  
one United States point to another  
over Canadian territory. He demand-  
ed immediate consideration of this, but  
objections were made by Mr. Geary, of  
the Pacific coast, and the objection,  
under the rules, carried the resolution  
over for a day. Mr. Geary represents  
the interest which is benefitted by the  
lower rates which the Canadian Pacific  
makes on its through hauls, while Mr.  
Hepburn represents the claim of the  
United States transcontinental rail-  
roads.

The Alaskan Boundary question  
will in all probability, have to be set-  
tled by arbitration. According to  
the talk of the officers of the expedi-  
tion, while the work has been pro-  
secuted with great care by both Amer-  
ican and Canadian surveyors, the ques-  
tion at present is as far from settled  
as it was before the steamers  
went north, each corps claiming its  
survey as the correct one. According  
to the description given by the Rus-  
sian government to the United States  
the line runs along the top of a chain  
of mountains, but although numerous  
attempts were made to locate these  
mountains through several ascents,  
nothing was found, and the surveyors  
do not believe any exist and the of-  
ficers surmise that the question will  
have to be referred to a board of arbi-  
tration before a settlement can be  
reached.

Itch on human and horses and all animals

## MEETING OF PRESBYTERY.

The Presbytery of Regina met at  
Broadview on Wednesday Sept 13th.  
There was a large attendance of mem-  
bers with whom sat, as corresponding  
member, Principal King, of Manitoba  
college.

Minutes of previous meetings read  
and sustained. Messrs. Robson, Camp-  
bell, Clay and Carmichael were ap-  
pointed a committee to allocate the  
amounts required of the presbytery  
among the different congregations.  
Elders' commission in favor of Messrs.  
J.R. Anderson, Richard Beale, and  
John McLeod were read and their  
names added to the roll. Mr. Muirhead  
reported that he had moderated in a  
call at Moosomin which was in favor of  
Mr. J. A. Reddon, B.A. The call was  
presented signed by 95 communicants  
concurrent in by 23 adherents. Mr.  
Anderson, representative of the con-  
gregation was heard in support of the  
call. It was agreed to receive and  
sustain the call, place it in Mr. Red-  
don's hands and in the event of his ac-  
ceptance to meet for his induction at  
Moosomin on Tuesday, Oct 10th at 5  
o'clock p. m. It was also decided that  
Mr. Carmichael preside and address the  
minister, Mr. McKay the people and  
Mr. Muirhead preach. Mr. Welsh  
was appointed to represent the presby-  
tery at the opening of the new church  
at Sintaluta on the 23rd inst. The  
convenor of the H. M. committee sub-  
mitted his report for the half year when  
grants to various mission fields were  
passed. On petition from Qu'Appelle  
that station was separated from Mathe-  
son's settlement and united with two  
stations to the south and Mr. W. S.  
Moore asked to take charge for the en-  
suing six months. Mr. Matheson with  
a student helper was appointed to take  
charge of Balgonie, Matheson Settle-  
ment, Rose Plain and Longlakeston.  
Mr. J. A. Cairns was appointed to  
Carnduff for six months. Further ap-  
pointments were left with the convenor  
of the H. M. committee. Mr. Ferry  
was appointed to take the oversight of  
the Landsdowne field. Messrs. Robson  
Campbell and Matheson were appoint-  
ed a committee on reception of cate-  
chists. Ministers adjacent to the  
various mission fields were requested to  
have the fields provide horses for the  
use of student missionaries. The con-  
venor of the Committee on examina-  
tion of students was requested to ob-  
tain discourses from all students and  
authorize the clerk to certify them to  
their various colleges. The books of  
the H. M. Com. were audited for the  
first half of the year and found ac-  
curately kept. Mr. McKeehin was  
authorized to form a session in the  
Longlakeston field. The Rev. Dr. King  
on invitation of the Moderator, address-  
ed the Presbytery on the work of  
Manitoba College. Thereupon the  
thanks of the Court were accorded Dr.  
King for his helpful presence and ad-  
dress and the continual prosperity of  
Manitoba college was gratefully ac-  
knowledgeed. In the discussion upon  
the temperance question the attention  
of the Court was directed to a move-  
ment on foot for the erection of a  
brewery at Regina when the following  
resolution was unanimously agreed to:  
"That the presbytery views with grave  
apprehension the possible establish-  
ment of a brewery in Regina and would  
respectfully urge the members and ad-  
herents of the Presbyterian church to  
use their utmost endeavors to prevent  
the establishment, and to cooperate  
with others in seeking this end."

It was further agreed to request all  
ministers and missionaries to bring  
the subject of Temperance promi-  
nently before their people. After singing  
the 121st psalm the benediction was  
pronounced and the Presbytery ad-  
journd to meet at Indian Head on  
the second Wednesday of March next.

## Good Crops and Big Sales.

TORONTO, Aug. 14.—Frank Brown, a  
prominent druggist of Shelbourne, Ont.  
was in the city last week, and talked  
with your correspondent about the  
crops and business in the vicinity of his  
home.

"The crops are first class," he said,  
"so the farmers are busy in the fields  
and merchants consequently find things  
a little dull. But there is one article  
on the market just now that sells more  
rapidly than any preparation I ever  
handled, and I have put a good many

through my hands. That one is  
Dodd's Kidney Pills. Their sales never  
fall off. I get them in five-gross  
lots, and it takes no time to get rid of  
that quantity. The best of it is, every  
one who has taken the pills has been  
benefitted by them. Nearly every man,  
woman and child in and around Shel-  
bourne has used them, so I know what  
I am talking about."

## UNION OF THE CHURCH.

TORONTO, Sept. 15.—At the general  
synod yesterday an important state-  
ment was made that whilst Newfound-  
land was still outside the Dominion the  
church of the island would not ap-  
proach the question of union with the  
church in Canada. Some dissension  
was caused by a proposed amendment  
to the proposed constitution by provost  
Body that in future the meetings of  
delegates should be residents of the  
particular diocese for which they were  
elected to represent. Canon O'Meara,  
speaking for the diocese of Rupert's  
Land, said the proposition was unfair,  
unwise and impossible. It would be  
unfair for the representatives of a  
thickly populated diocese, who would  
always be fully represented, to propose  
disfranchisement for large sections  
of the church. He held that the proposi-  
tion conflicted with one of the limita-  
tions of the agreement by which the  
general synod was formed under which  
each diocese was to have the right to  
administer its own affairs. Bishop  
Machray, Metropolitan of Rupert's  
Land, said if the amendment carried  
Rupert's Land would not stay in the  
general synod. Finally a compromise  
was passed, exempting the Bishop of  
Selkirk and of the distant dioceses for  
compliance with the terms of the  
amendment for a time.

## AN ENGLISH PAPER ON THE SYNOD.

The General Assembly which it is  
arranged will meet in Toronto next  
month (September) to discuss a scheme  
for the consolidation of the church in  
Canada will be a memorable gathering.  
We have already on several previous  
occasions referred to the importance of  
the step which it is proposed to take,  
and we fully believe that it will, if it  
is taken, lead to a great development  
of the church in British North America,  
and must increase her influence in  
forming and guiding the religious,  
moral and educational character of the  
people.—*Church Bells.*

No. 4 Steel Mower

It's an ideal machine. There are  
more good ideas about its construction  
than can be found in any other  
mower. Probably that's why its  
sales are so enormous. It has the  
best foot-life to be found on any  
mower; is fitted with the McCormick  
cold rolled finger bar, and will stand  
the severest tests possible to a grass-  
cutter. Guaranteed to work where  
others fail.

It's a light draft mower, and it's  
durable. It's an easy winner of  
field trials. It's a really valuable  
mower in more ways than can be  
enumerated here—and it costs but  
little more than a "cheap" machine.

shows the special merits of this mower.

To point a moral and adorn a tale!

Edward E. Hale tells a curious story of Tennyson's appointment to the laureateship. The honour was first offered to Samuel Rogers by Prince Albert, and the banker-poet, in declining it on account of age, recommended Tennyson for the place. The Prime Minister wrote in reply—"We are not acquainted with the works of this gentleman, and will you be good enough to let me know whether he has ever written anything which would make it improper for a woman to name him for this post?" Mr. Hale says that this story is as true as it is funny, for he saw the original with his own eyes.

Most trying companions are they whose first thought concerns themselves and their possessions. A girl who lived with her aunt was often disturbed by evidences of the old lady's selfishness. One day, in going down the cellar for some butter, she tripped and fell heavily quite a distance. The maiden aunt rushed to the door, and, peering into the darkness called out sharply, "Dye break the dish!" "No," thundered back the niece for once thoroughly aroused; "no, but I will!" and she shivered it with hearty good will against the cellar wall. The old lady was so shocked by this dramatic reproof that she took to her bed and kept it for a week.

Blessed is that land whose God is the Lord. It is something to be known as a Christian nation; it is better in addition, to be known as a really religious nation. Strangers visiting Canada are struck with the largeness of the congregations which throng our churches; and especially visitors from the neighboring republic cannot fail to contrast our church attendance with that of the Western States especially; and even in the Eastern States many of the churches have to close altogether during the summer holidays. Canada's growing reputation as a moral and religious country cannot fail to prove of inestimable advantage to her. Even now young men seeking situations in other countries find that the reputation of their own country is there before them to give them a not unworthy introduction.

Advertising of late has called so much fine art into requisition, that it might almost be said to be one of the fine arts itself. The advertising sheets at the front and back of the great magazines, I sometimes think, are quite as interesting as anything between the covers. Everything is graphically and pictorially set out, from a needle to a haystack. Cleanliness being one of the highest virtues, the highest art has properly been used to set forth the merits of soaps. Wares for the fair sex are daintily and artistically portrayed to catch the feminine eye. And from the sun expended in advertising patent medicines, one would imagine that there is nothing like being unhealthily to make a man "wealthy and wise," that is, some other man who vends patent medicines. Truly the veriest prose is transposed into poetry, and business transformed into pleasure by the developing hand of the skillful advertising artist.

THE ASSEMBLY PROROGUED.

The Fourth Session of the Legislature Brought to a Close.—The Lieutenant-Governor's Valedictory.

REGINA, Sept. 16th.—The Northwest Assembly closed to-day. The session has been a most fruitful one in the matter of new ordinances and the amendment of old ones. As this will be the last session over which lieutenant-governor Royal will perform the prorogation functions, considerable interest was manifested in the formalities. Appended is Mr. Royal's speech: Gentlemen of the Legislative Assembly.

During the session now about to close you have discussed a large number of ordinances and have, among other measures, adopted provisions for the better protection of property, the increased welfare of the agricultural community and the improved administration of justice.

I congratulate you upon the earnestness and care with which you have applied yourselves to these various subjects, and I thank you for the time and labor which at this busy season of the year have bestowed upon them in the interests of your country.

You will, I feel sure, derive the greatest satisfaction from the knowledge that you have discharged your legislative duties to the best of your wisdom and ability, and in a manner becoming to your high and responsible position.

The manner in which the territorial revenues and the moneys appropriated by parliament for the use of the Territories have been apportioned, will, I believe, satisfy the exigencies of the public service. I have no doubt the expenditure will be made with a due regard to economy and efficiency. Gentlemen of the Legislative Assembly.

As this is the last public occasion upon which I may expect to meet you allow me to say that, in resigning the administration of the government of the Territories into the hands of my successor, I shall do so with mingled feelings of regret and satisfaction.

I shall regret to leave you because I never failed, ever, under trying circumstances, to receive at your hands the loyal treatment due to the representative of Her Majesty, notwithstanding the fact that at times our duty appeared to lie in opposite directions.

It was mine to carry into effect what I considered the law, as laid down by the Parliament of Canada, for regulating your share of responsibility in the administration of public affairs, and, whilst you claimed to exercise a more complete control over the expenditure, that law placed me in the somewhat invidious position of appearing to oppose the popular requests. Notwithstanding this controversy no unpleasantness ever arose between me and the assembly.

When on the 4th of July, 1888, I was sworn in as Lieutenant-Governor of the Northwest Territories, the functions of that office were as totally different from those of the lieutenant-governor of the provinces, as they will be from those to be performed by my successor. I was responsible to the Privy Council of Canada alone for all executive acts done in the Territories. The assembly had hardly a voice in the government of the country, and the lieutenant-governor was practically a political commissioner, under whose direct supervision and authority the affairs of the territories were conducted and administered.

Now all this has been materially changed and hence my satisfaction.

The legislature to-day practically enjoys the rights and privileges of self government. Let me congratulate you sincerely upon the wisdom and discretion you have displayed in undertaking your new and important duties.

My satisfaction is further derived from the fact that those Territories are at the present enjoying a measure of peace and prosperity unsurpassed, if not unequalled, by any other portion of the Dominion of Canada. In this happy condition of affairs, for which we have to thank the divine providence, I now take leave of this assembly.

In returning to your respective homes let me assure you that you carry with you my most cordial wishes for your personal welfare and for the prosperity of Canada, our common and beloved country.

### THE SPEAKER'S DINNER.

Speaker Ross Entertains at the Palmer House Regina—A Pleasant Social Event.

On Thursday, Sept. 14th—Mr. Speaker Ross entertained the members of the legislative assembly and citizens of Regina generally at dinner in the Palmer House.

At 9.30 about sixty guests sat down to a sumptuous repast prepared in Mrs. Deke's best style. After the cloth was removed and the usual loyal toast was drunk, the host proposed the health of Lieutenant-governor Ross, who responded in a fitting manner. The health of Mr. Nicholas Flood Davis was then proposed by Mr. Cheley and in response Mr. Davis made a humorous speech. Mr. Hamilton then proposed the health of Speaker Ross. Mr. Ross' response was the speech of the evening.

At this point all formalities were laid aside and a thoroughly enjoyable evening was spent. A number of those present contributed to the evening's enjoyment by singing some capital songs and not a few had capital choruses. The song of the evening was Dixie Watson's "Fair Canada." It was sung with rare feeling and pathos and was duly appreciated by those about the festive board. Mr. Boucher sang two good French songs "Allouette" and "Le Courier." The host gave two old standards "Never Take the Horse-Show From the Door" and "I Owe Ten Dollars to O'Grady." John A. Kerr sang his inimitable "Bold McIntyre." Elward Mitchell's "Brave Old Duke of York" created an immense amount of merriment, as did also "Lord Lovel" by Dr. Brett and "Old King Cole" by Mr. Peckington. Mr. Hamilton sang "They All Love Jack" and "Well all go a Hunting to-day." Songs were also sung by Messrs Oliver, Tweed, Wilkins, Paget, Clinksill and Lang.

After the health of Mrs. Deke had been drunk, the guests joined hands and sang "Auld Lang Syne."

### PRIMATE OF ALL CANADA.

The Metropolitan of Rupert's Land Honored at Toronto—A Unanimous Choice.

TORONTO, Sept. 19.—The house of bishops have directed their secretary to announce that on motion of the Metropolitan of Canada they have unanimously elected Robert Machray, Metropolitan of the ecclesiastical province of Rupert's Land to be their president. He will be styled Primate of all Canada, Archbishop of Rupert's Land and Metropolitan. It was further announced that they had passed the following and asked the concurrence of the lower house, that metropolitans of the provinces should bear the title of archbishop and that the Metropolitan of Canada should now become the Archbishop of Ontario. The lower house received these announcements with hearty applause. The appointment of Bishop Machray was received on all sides with great satisfaction.

WILL MEET IN WINNIPEG. TORONTO, Sept. 19.—The North-West delegation met this afternoon and presented a congratulatory address to Archbishop Machray on his elevation to the primacy and appointment as Archbishop. This synod has decided to meet in Winnipeg in September, 1896. It will probably adjourn Thursday.

## NOTICE.

THE following is a summary of the Regulations with respect to the manner of recovering claims for Mineral Lands other than Coal Lands, and the conditions governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, nor more than 300 feet in breadth. A location for mining Iron or Petroleum shall not exceed 100 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon making out his location on the ground in accordance with the regulations on that subject, and filing with the Agent of the Dominion Land for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local Agent that he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent therefor \$5, not more than 25 acres, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS, Deputy of the Minister of the Interior, Department of the Interior, Ottawa, July 1890.

Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba or the North-West Territories, except 8 and 26, which have been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is sole head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY. Entry may be made personally at the local land office in which the land to be taken is situated, or if the homestead is to be taken by mail, an application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:—

1. Three years' cultivation and residence during which period the settler must not be absent for more than six months in any one year without forfeiting the entry.

2. Residence for two years and nine months anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 10 acres must be broken the first year after entry, 15 additional in the second, and 15 in the third year; 10 acres to be in crop the second year and 25 acres the third year.

3. The five years' system under which a settler may reside anywhere for the first two years that must perfect his entry by commencing cultivation within six months after the date thereof, breaking five acres the first year, cropping those 5 acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT

may be made before the local agent, or any homestead inspector. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands his intention to do so. When, for convenience of the settler application for Patent is made before a homestead inspector, a fee of \$5 is chargeable.

SECOND HOMESTEAD

may be taken by anyone who has received a homestead patent or a certificate of recommendation countersigned by the Commissioner of Dominion Lands upon application of a patent made by him, or earned title to his first homestead on, or prior to the second day of June, 1890.

INFORMATION.

Full information respecting the land, timber, coal or mineral laws, and copies of these Regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

A. M. BURGESS, Dep. Min. of the Interior.

CARD OF THANKS.
